

Transportation Improvements – Florida at Work

Sunset Drive Bridge #1, City of Miami Beach

Project Summary

The Sunset Drive Bridge #1, 876707 was built in 1926. The bridge is located in the Sunset Islands in Middle Beach, and connects West 20th Street to West 21st Street. A bridge inspection report conducted by FDOT rated the Sunset Drive Bridge #876707 with a sufficiency rating of 71.1. Sufficiency ratings determine the functionality of the bridges and range between O and 100, with a rating of 100 assigned to a new bridge. Other factors are also considered when determining the condition of a bridge, such as its load capacity and whether it is deemed structurally deficient. This project proposes to rehabilitate the Sunset Drive Bridge #1. Repairs required for the Sunset Drive Bridge #1 include the following: patch up spalls with exposed rebars at beams; patch up spall at Bay 2-1; repair undermined NW approach sidewalk; and repair fracture NW seawall.

Fast Facts

This project will provide for a safe and secure bridge for motorists, bicyclists, and pedestrians.

Costs:

Construction/Inspection-

\$250,092

Project Total - \$250,092

Jobs Created/Supported Estimated: 10-15

Schedule:

Contract Award: June 2009

Construction Start:

July 2009

Anticipated completion: December 2009

This project is being funded through the

American Recovery and Reinvestment Act of 2009
